Katha 01 · Chanakya ratha

Dieline set. Every page after this one is drawn at 1:1 in millimetres.

Front view · 1:2 · ready to display

Base 320 × 200 × 90 · canopy 130 × 66, 282 tall · total height about 37 cm

How it goes together · no glue, no scissors

1. **Tear the band**
   Lift off the folded canopy, window and phone-stand sheet.
2. **Pull a wheel**
   Each wheel is a drawer. Drawer 1: skeleton + stencils. Drawer 2: clay + cloth.
3. **Build Chanakya**
   Follow the manual. Stand him on the plinth, pegs up into the foot loops.
4. **Pop the canopy**
   Open the flat tube, curve the roof band, tuck its tab into the slit.
5. **Lock it on**
   Fold the inner frame up, side tabs into the slits. Push the 4 floor tabs into the stage.
6. **Shoot, then keep**
   Slide the window out to film. Slide it back in: the ratha is his display case.

Pages

2 · Base tube (stage on top, symbol legend on the back)
3 · Drawers ×2
4 · Wheels, plinth, window
5 · Canopy outside
6 · Canopy inside (backdrop)
7 · Retail band
8 · Phone stand

Not cut or tested yet. Check on the first prototype: slot fit for the real board, roof-band curve, drawer slide, and that the clothed puppet clears the arch.

1 · Overview

Overview (not to scale)

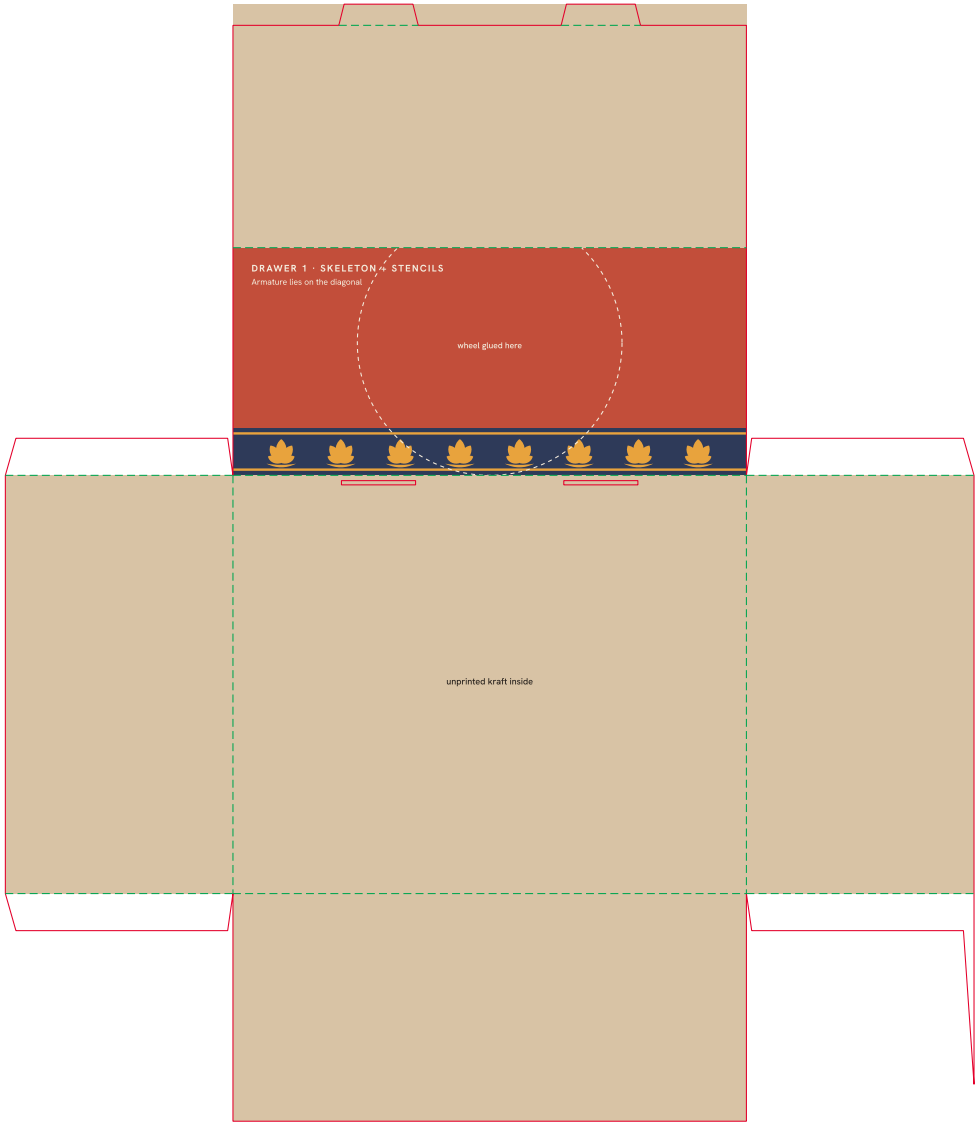

Ends stay open: a drawer slides in from each side.

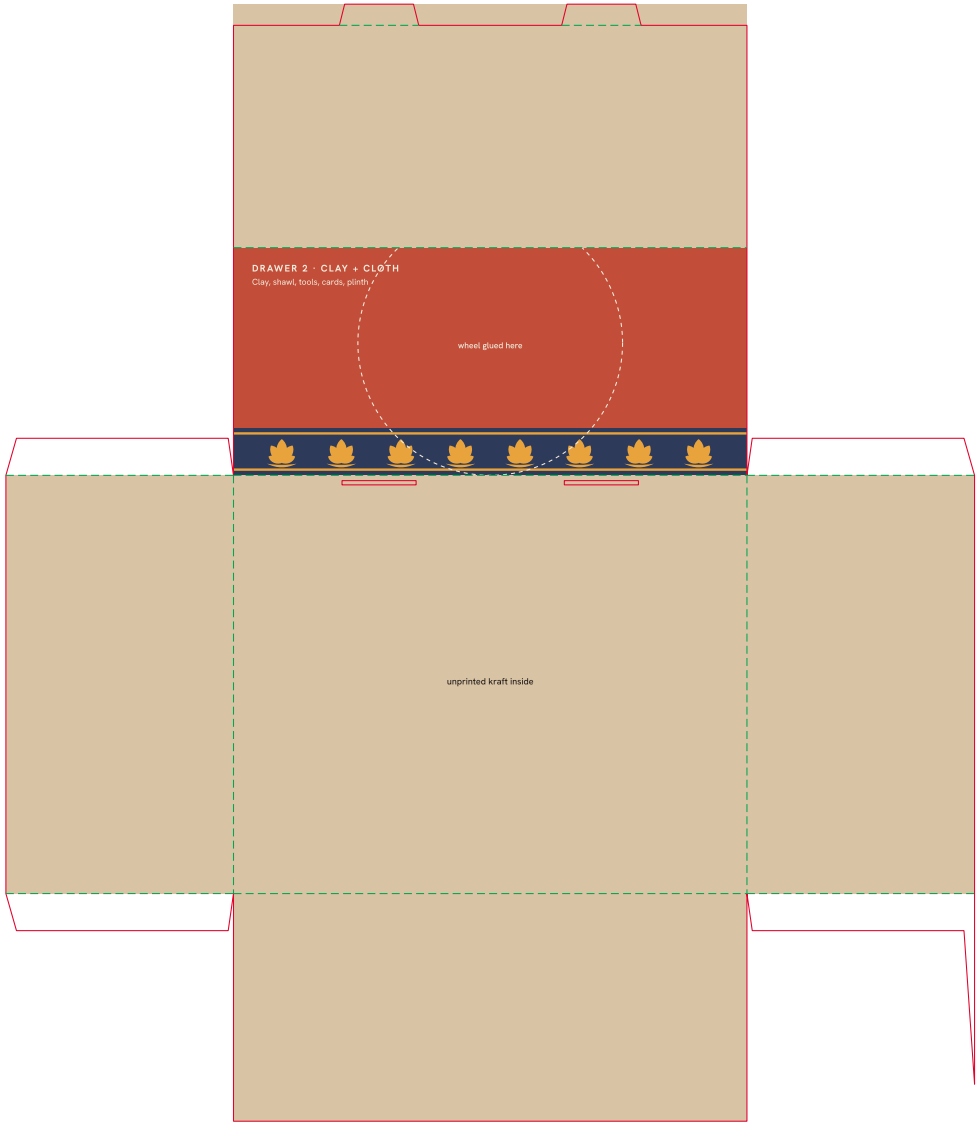

2 · Base tube · 320 × 200 × 90 · 400 gsm board, factory glued

Katha 01 · Chanakya ratha · 1:1 · mm · cut red · fold green dashed · glue blue

Mini prototype · every dieline page at 35% · print at 100% / actual size, no fit-to-page

check: this bar = 50 mm

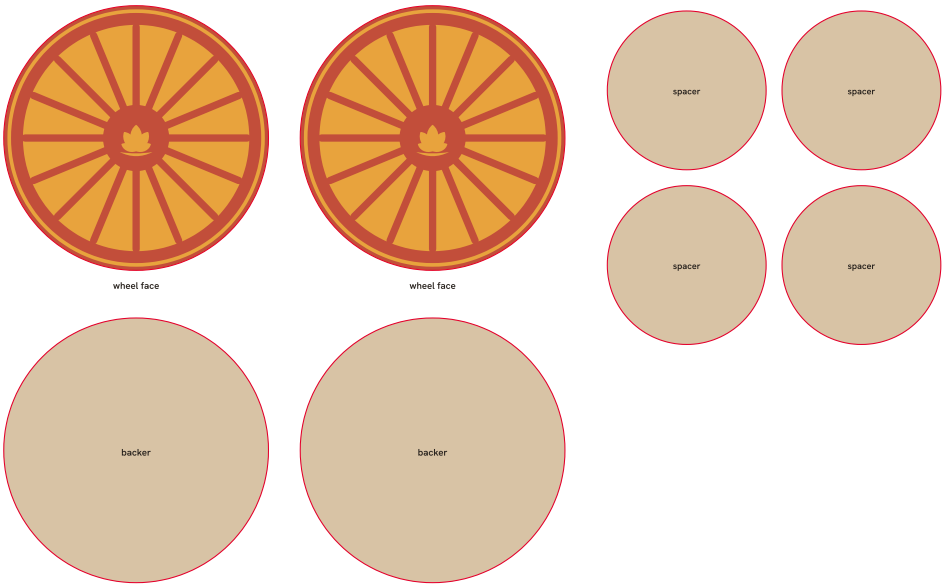

3 · Drawers ×2 · 194 × 158 × 86 · 400 gsm board, factory glued

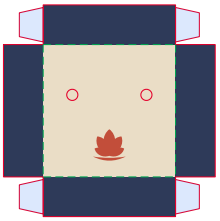

Katha 01 · Chanakya ratha · 1:1 · mm · cut red · fold green dashed · glue blue

Mini prototype · every dieline page at 35% · print at 100% / actual size, no fit-to-page

check: this bar = 50 mm

Each wheel: face + backer + 2 spacers, 1.5 mm greyboard, glued.
The spacers lift the rim 3 mm off the drawer, so small fingers can pull it.

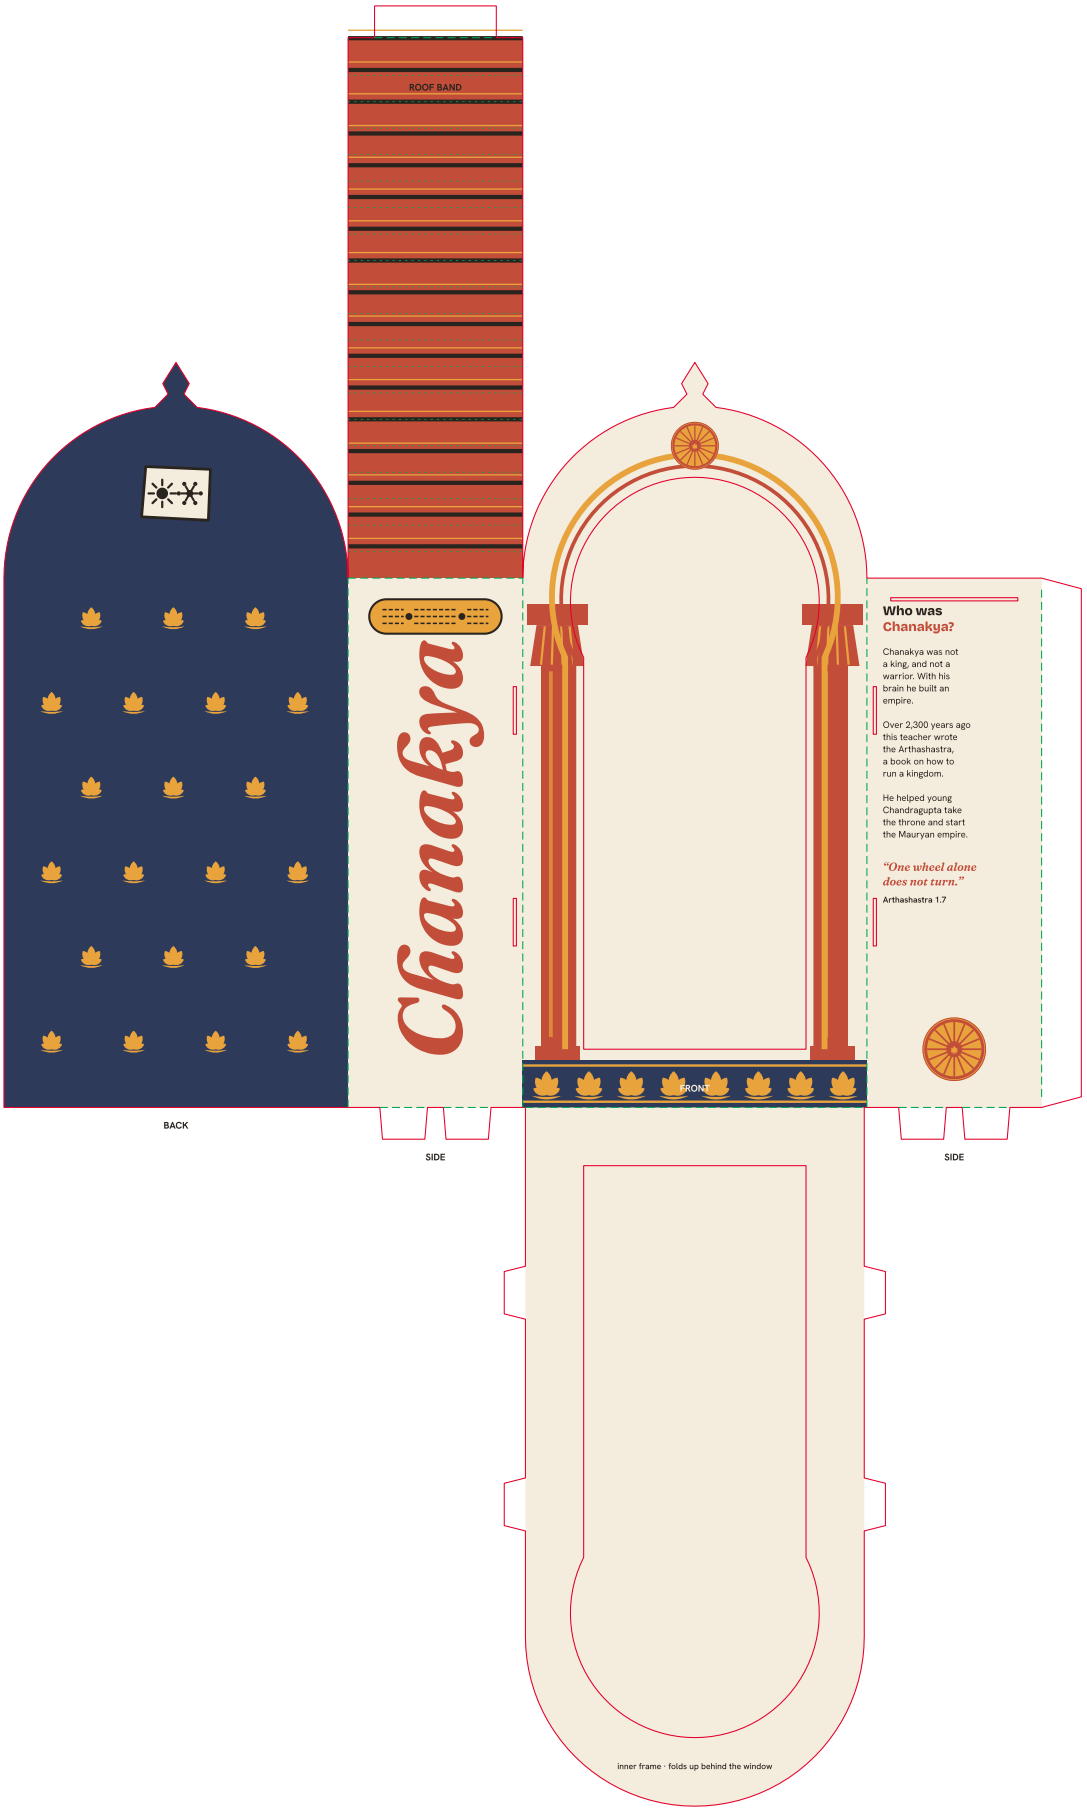

Plinth 50 × 50 × 15
pegs go up through the 2 holes

Clear window
110 × 230 · 0.5 mm PET
slides out for filming

4 · Wheels, plinth and window

Katha 01 · Chanakya ratha · 1:1 · mm · cut red · fold green dashed · glue blue

check: this bar = 50 mm

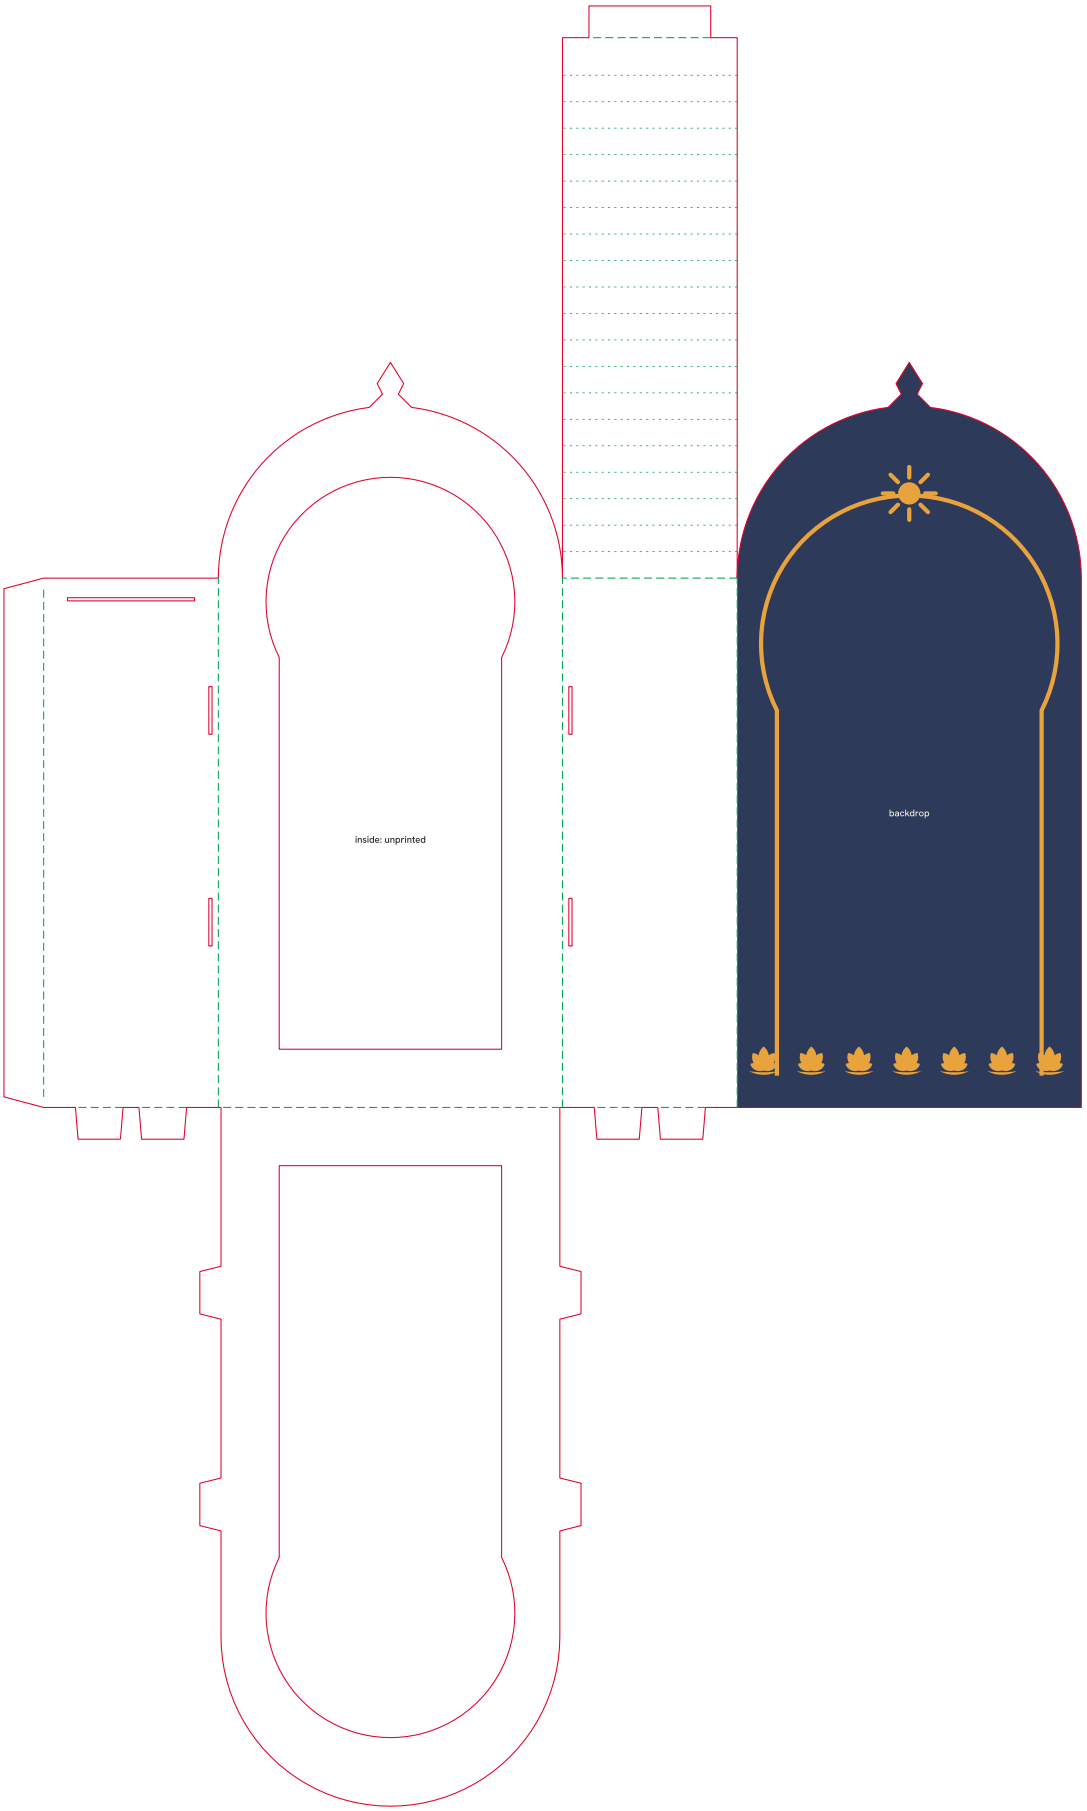

5 · Canopy · ships flat, child pops it open · 400 gsm

Katha 01 · Chanakya ratha · 1:1 · mm · cut red · fold green dashed · glue blue

Mini prototype · every dieline page at 35% · print at 100% / actual size, no fit-to-page

check: this bar = 50 mm

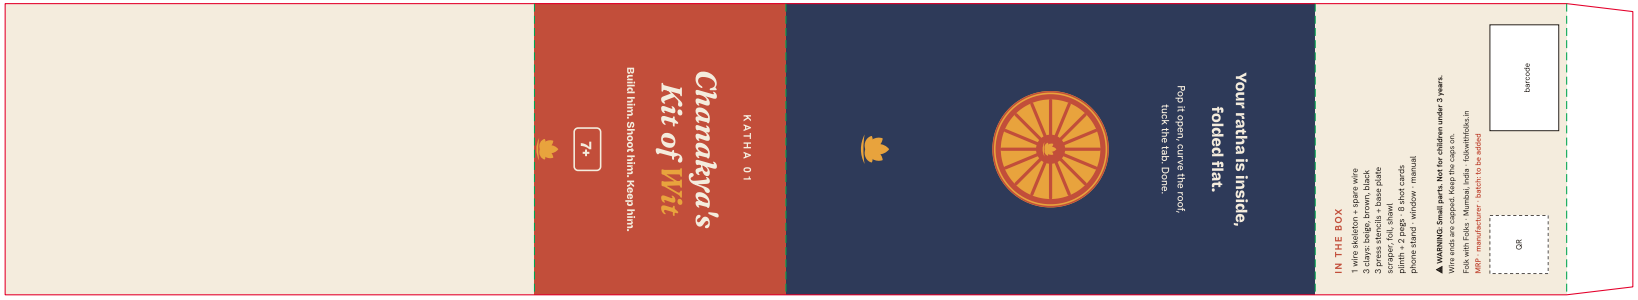

6 · Canopy · inside print (seen from the back of the sheet)

Katha 01 · Chanakya ratha · 1:1 · mm · cut red · fold green dashed · glue blue

Mini prototype · every dieline page at 35% · print at 100% / actual size, no fit-to-page

check: this bar = 50 mm

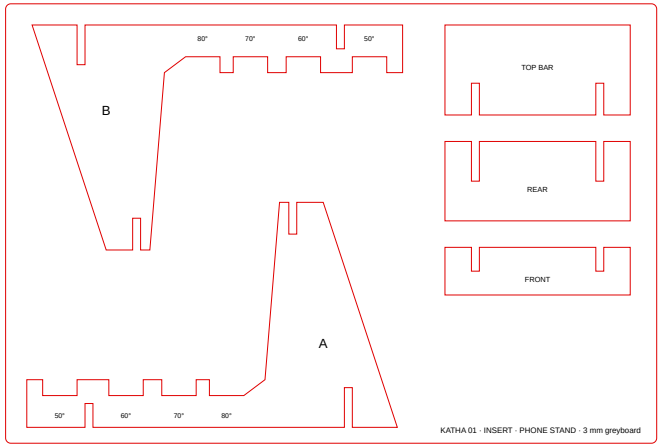

The band holds the folded canopy, window and phone stand on top of the base. Tear it off and keep the box.

7 · Retail band · 110 mm wide · 157 gsm art paper

Katha 01 · Chanakya ratha · 1:1 · mm · cut red · fold green dashed · glue blue

Mini prototype · every dieline page at 35% · print at 100% / actual size, no fit-to-page

check: this bar = 50 mm

3 mm greyboard, laser cut. Ships under the folded canopy, on top of the base.

8 · Phone stand · punch-out, no glue

Katha 01 · Chanakya ratha · 1:1 · mm · cut red · fold green dashed · glue blue

Mini prototype · every dieline page at 35% · print at 100% / actual size, no fit-to-page

check: this bar = 50 mm
